

Whether you are considering a new fence for your back yard, your community association, an apartment community, hotel or commercial application it's important to make the right choice.

CSS Fence has been installing fences on the Grand Strand and throughout the Pee Dee for over 10 years.

We employ a skilled team of consultants and installers well versed in estimating, assembling and installing all types of fence.

Horry County Parks

FENCE!**

Choose Your Style

Chain Link

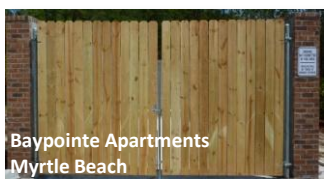

Chain link offers an economical choice for commercial and residential applications. With the ability to “bend” chain link fence to almost any shape application, chain link from CSS Goode Fence is perfect choice when you need solid security on a limited budget.

We stock thousands of chain link parts, posts and mesh and have complete welding capabilities to create or fix virtually any chain link fence or gate need. Our work can be found throughout the Carolinas and Georgia at sites as varied as apartment and condo communities, and commercial applications including Sam’s Club, Ashley Furniture , Suburban Propane, Hoffman Helicopter and U-Haul in Myrtle Beach, Horry County Parks Dept. and Coastal Carolina University in Conway and the Savannah Hilton Head International Airport.

Wood

While wood fences are not always an ideal choice for our Grand Strand climate, they are economical. And, we custom fabricate gates for dumpster enclosures.

PVC Vinyl

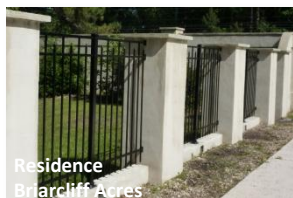

PVC vinyl fence is available from CSS Goode Fence in a wide variety of privacy and picket styles in white, gray and tan.

Our vinyl fence is far superior to what is available from the “big boxes” and never needs maintenance. Many styles are suitable for pool enclosures. Gates feature welded corners and all joinery is “through” connected. Meaning there is no glue or mechanical fasteners to fail.

Ornamental Aluminum

The Grand Strand’s most popular fence. We buy our ornamental aluminum material in bulk quantities and assemble fence sections in our own shop. This insures quality and the best value around!

And, CSS Goode Fence can accessorize your aluminum fence with brick columns, scroll work and a variety of decorative accents to fit your personal style. We also offer our aluminum fence in three grades for residential, commercial and hospitality applications

Steel

For inland locations, steel fence is a decorative and durable choice for heavy use and historic applications. CSS Goode Fence offers a complete array of steel fence styles and grades.

Expect Great Results

A CSS Goode Fence installation starts with education and preparation. No “drive-by” estimates from us. Here’s what you can expect when you call CSS Goode Fence:

- **SITE VISIT:** *We will visit your home or site, evaluate field conditions and verify dimensions*
- **CHOICE:** *We will work with you to insure your fence will meet community, HOA, CAB and code requirements*
- **DOCUMENTED:** *We will create a drawing of the fence outline, put dimensions, choices and prices in writing*
- **LEGAL:** *Where required we will secure the appropriate permits*
- **SATISFACTION:** *You never pay the balance until you are completely satisfied*
- **EXTRAS:** *A CSS Goode fence residential application features deluxe caps on corner and gate posts **
- **TO CODE:** *Pool gates will be installed to state and county code*
- **RESPECT:** *We will leave your site clean of debris and trash*
- **INSURED:** *We are fully insured to \$2MM general liability and our employees are covered by worker’s compensation insurance*
- **WARRANTED:** *Most products are warranted for life and we warrant our labor for one full year*

*Be a good neighbor,
buy a Goode fence!*

* Vinyl and aluminum fence only
